

ROHDE & SCHWARZ

NRV

The Rohde & Schwarz NRV is a classic, highly accurate single-channel power meter and RF voltmeter base unit. It is compatible with a wide range of URV5-Z and NRV-Z power sensors and voltage probes, automatically reading calibration and linearity correction factors from the sensor's internal EEPROM. It is widely used in metrology, calibration, and R&D environments for precise power and voltage characterization.

SPECIFICATIONS

System Compatibility

Compatible Sensors

R&S URV5-Z and NRV-Z series

TECHNOLOGY

RF Power Meter Base Unit

APPLICATIONS

RF Power and Voltage Measurement
